Major General Raymond W. Bliss
Surgeon General, U. S. Army
Pentagon Building
Washington 25, D. C.

Attention: Colonel Warner F. Bowers, M.C.
Chief, Surgical Consultants Division

Dear Sir:

Please find enclosed a report of my temporary tour of duty as a Civilian Consultant to your Office. I was assigned to duty in the American Occupied Zone of Europe from June 28 through July 27, 1949.

I am grateful for the opportunity it presented me to be of service. As is so often the case, the teacher probably learned more than he taught. I do hope, however, that my visit was of some value to the patients whom I saw and the Medical Officers with whom I talked.

Respectfully yours,

Charles R. Drew, M.D.
